

# IRIS

**Travel Sellers Platform**

**All Air Content - Your Shop**

IRIS gives travel sellers access to and control over the best air content from multiple sources for new levels of customer satisfaction, agent differentiation, and business growth.

## Overview

**IRIS**, is a plug-and-play agent portal that enables travel agents to sell and service air content from any source, including New Distribution Capability (NDC), Low-Cost Carriers (LCC), consolidators, and Global Distribution Systems (GDS) in a customizable shop. It unlocks the benefits of IATA NDC and Modern Airline Retailing by making revenue-boosting travel extras, personalized offers, and dynamic deals available to travel sellers.

Iris Portal brings down the barriers to capitalising on this era of Modern Air Retailing by giving travel sellers all their airline content in one shop fully under their control, in a matter of days.

# Advantage

**Swift Deployment**  
Start in days

**Seamless UI & UX**  
All air content, one shop

**Smart innovation**  
Your agency, your way

# Features

## ▲ **Plug-and-Play**

### **No code - No barriers**

SaaS model means a low barrier to entry, including low upfront costs, pay-as-you-go pricing, and no ongoing technology challenges, such as schema support, maintenance, and upgrades.

## ■ **Content Control**

### **Optimize revenue and margin**

Agencies can configure and control content, source, markup, branding, and reporting. They retain agreed GDS contracts and rates, including private and corporate fares, and can apply distinct business models to sub-agencies and branches.

## ■ **Agent-Friendly**

### **Delight customers easily and efficiently**

Seamless experience enables travel sellers to navigate NDC and integrate GDS, consolidator, and LCC content in one shop. Agents benefit from access to flights, travel extras, Fare Families, personalized bundles, and real-time deals. Features straightforward comparison shopping and smart preferencing.

Handling millions of transactions for travel sellers globally & proven at scale.

Direct Connects with 18 airlines and more to come.

# IRIS Portal

The screenshot shows the IRIS Flight Search interface. At the top, it displays the 'tpc' logo, currency 'GBP', and 'TPC'. The main search area is titled 'Flight Search' and includes fields for 'From' (London International Airport, LHR) and 'To' (Dubai International Airport, DXB). The dates are set for '15 Jan 2024' and '22 Jan 2024'. Below these are dropdown menus for 'Select County', 'Select Brand', and 'Select Team'. There are also options for '1 Passenger' and 'Economy Class'. A sidebar on the left contains icons for 'Dashboard', 'Search', 'Order Management', and 'Report'. The search results section shows '25 Results' and a 'Filter' panel on the right. The results list includes flights from British Airways (BA-0105), Emirates (EK-8), and British Airways (BA-0107) and (BA-109), with details on departure times, durations, and fares for Economy and Premium Economy classes.

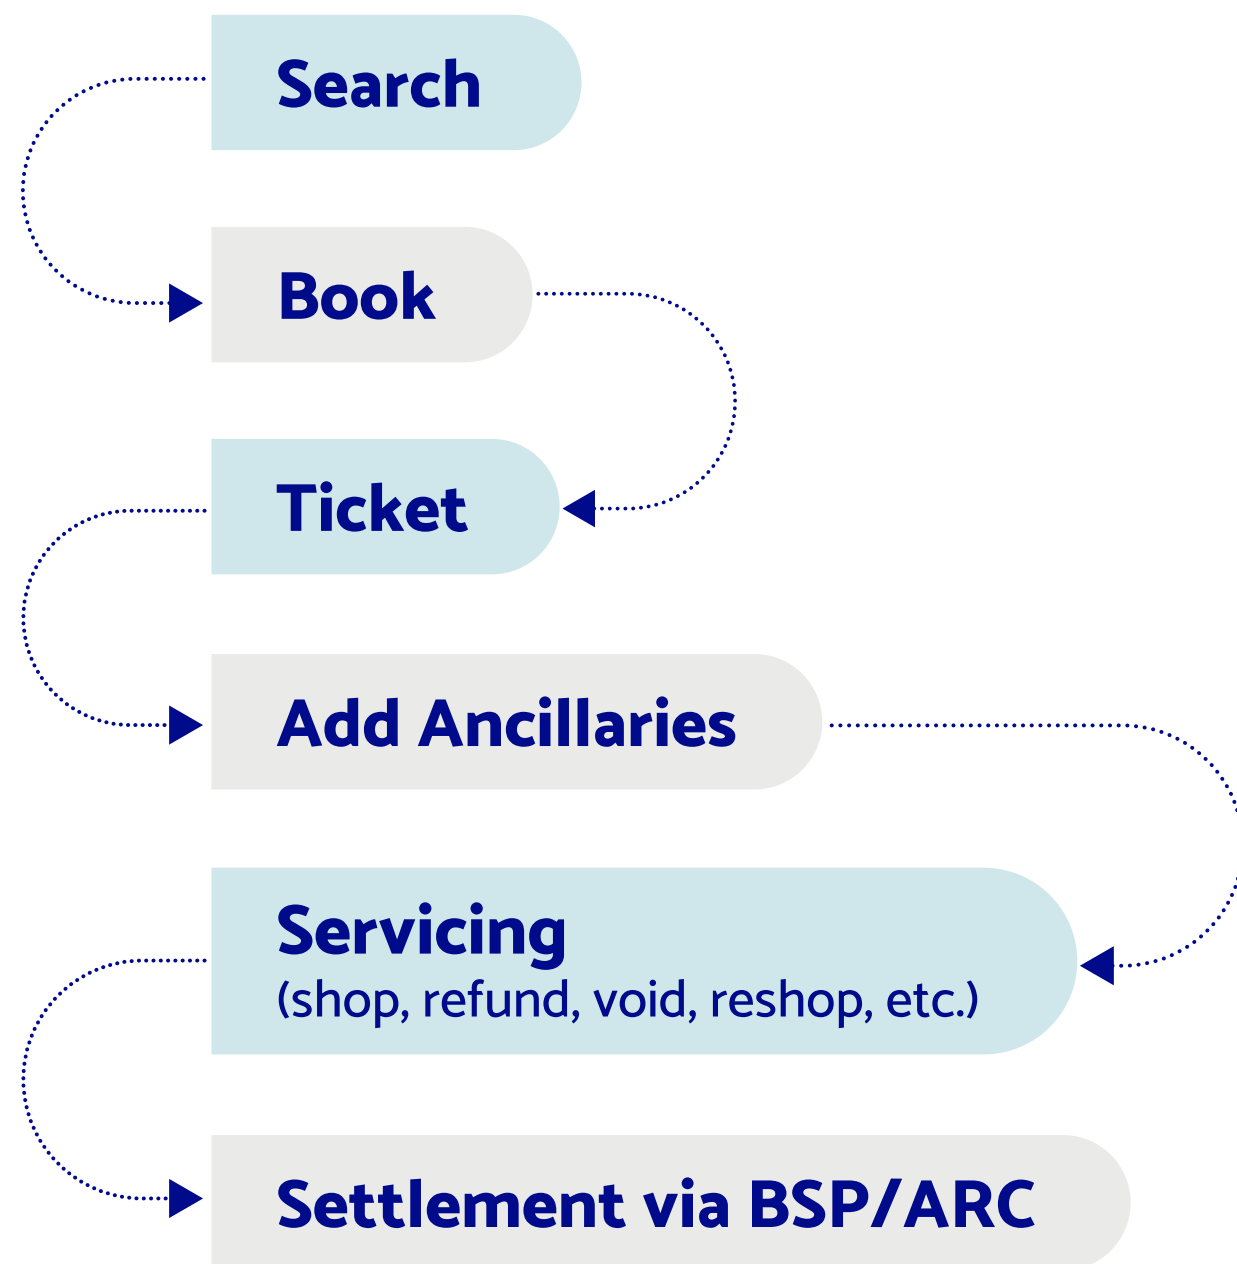

Rich Content

This block provides a detailed view of a flight search result for British Airways (BA-0105). It shows the flight path from LHR to DXB, a 7h5m non-stop duration, and departure times of 20:40 on 15 Jan 2024 and 07:45 on 16 Jan 2024. The fare is listed as 'ECONOMY From GBP 591.64' and 'PREMIUM ECONOMY From GBP 1347.56'. Below the flight details, there are three fare options: 'STANDARD ECONOMY' (GBP 591.64), 'BASIC ECONOMY' (GBP 652.75), and 'PREMIUM ECONOMY' (GBP 1347.56). Each fare option includes a list of conditions: 'Cancellation: Not Permitted', 'Change: GBP 150', '1 Piece (23KG / 51LBS) (ADT)', 'Not Included', and 'Include Seat Selection'. The 'STANDARD ECONOMY' option also includes 'Hand Baggage Only'.
